

## RESOLUTION

(Adopted by the 1987 convention delegates)

### AIDS EDUCATION

- WHEREAS, AIDS is a serious threat affecting millions of people worldwide; and
- WHEREAS, As parents it is our special responsibility to help protect our children from AIDS by providing them with the best information to prevent behaviors that can lead to infection with the AIDS virus; and
- WHEREAS, Sex education in schools should include the threat posed by AIDS, ways it is transmitted, and protection choices to prevent this terrible disease, therefore be it
- Resolved, That locals, councils, and State PTA consult with local school district officials, local public health officials and community members to determine and establish an education procedure to determine when, how, and what material is used to introduce such AIDS education into the classroom.
