

RESOLUTION

(Adopted by the 1963 Convention delegates)

Acknowledgement of Legislature's Efforts to Fund Schools

An Acknowledgement of the Sincere Efforts of the Colorado State Legislature to Cope with the Complexities of Modern Public School Education in Colorado

WHEREAS: the school population in the State of Colorado is increasing each month of each school year; and,

WHEREAS: the educational needs of the state's youth are increasing proportionately with the population in terms of teachers, school plants, special education, and guidance and counseling; and

WHEREAS: as the needs of our young people increase, the financial resources of the state are taxed more severely; and

WHEREAS: the elected representatives to the state legislature have given rather extensively of their time, effort, and attention to move toward a solution of these problems; and

WHEREAS: each legislative session shows a little more progress toward the educational betterment of our state's boys and girls, therefore

RESOLVED: that the Colorado Congress of Parents and Teachers recognize the problems faced by the legislators and the work done by individual members of its committees and commend them for their conscientious striving in behalf of our children. The committee recommends that this resolution be adopted.
