

POSITION STATEMENT

(Adopted by the 1994 Colorado PTA Board of Directors)

PARENTAL PILOT PROGRAM (VOUCHERS)

Colorado PTA OPPOSES any and all attempts to implement a voucher plan that would provide public education monies to private, secular or home schools. National PTA and Colorado PTA have long histories of position statements and resolutions that provide direction to oppose any voucher movement for public education. Colorado PTA members are encouraged to become active participants in any attempts to defeat such proposed initiatives.
