

PUBLIC EDUCATION FUNDING

WHEREAS, Recognizing that a broad and comprehensive educational system is required to meet the needs of different children, the Colorado Congress of Parents and Teachers is deeply concerned that such a system be established and given continuing adequate financial support so every child will have an opportunity to realize his full potential, therefore be it

RESOLVED, That the Colorado Congress of Parents and Teachers commend the Colorado General Assembly for requiring a survey and study of children with learning disabilities and urge legislative action providing full funding of special education programs to meet the needs of these children, and be it further

RESOLVED, That the Colorado Congress of Parents and Teachers urge legislative action raising the general level of state support for public education to at least 50 per cent and as part of this legislation provide property tax relief that is fair and equitable to the individual homeowner.
