S.O.S. – BRIGHT FUTURES LEGISLATIVE MOTIONS ON BALLOT INITIATIVES

S.O.S. – Bright Futures – On behalf of the Board of Directors, I move that Colorado PTA takes a position of NEUTRALITY on the Bright Futures ballot initiative. Colorado PTA certainly believes in increasing state funding for K-12 education, however, this initiative would constitutionally mandate some educational reforms that we believe should be enacted by statute. Individual PTA members or local units are free to support this initiative to the degree they feel necessary.
